

CAR TAX CLAIMS

One of the most common (and most commonly misunderstood) tax deductions is for using a vehicle for work purposes. Did you know that there are four possible methods for claiming car expenses each of them having different record-keeping?

CAPITAL GAINS TAX

Sold some shares or perhaps an investment property? You may be liable for capital gains tax on profits made. Your tax consultant can ensure all possible costs associated with the asset have been included and that your gain has been calculated correctly.

GOOD NEWS: Education Minister Cameron Dick, southeast Brisbane Chamber of Commerce president Penny Cutting, Premier Anna Bligh and member for Bulimba Di Farmer.

State set for growth

QUEENSLAND is poised to lead the economic resurgence of Australia and local small and medium businesses will be the big winners.

Premier Anna Bligh, speaking at a southeast Brisbane Chamber of Commerce breakfast last week, said Queensland is set to record

a 5 per cent increase in growth over the next 12 months.

That will come largely on the back of a \$60 billion increase in export as BG Group and the China National Offshore Oil Corporation commence the extraction of liquefied natural gas in central Queensland.

That, coupled with a host of State Government funding initiatives, is set to push Queensland's growth out to 5 per cent.

At the breakfast Ms Bligh also outlined a \$15 billion infrastructure program for the State Government and a \$100 million injection into Smart State initiatives.
